Dear Stakeholder,

RE: Food Forest and Eco Centre/Classroom

You may already know that DSTC are working with 'Healthy Living Dartford' to create a community Food Forest and Eco Centre/Classroom on DSTC site to support sustainability, reduce carbon emission, provide a space for reflection and be a centre for education for community use.

In order to move this project from a concept to a firm proposal we need to raise over £5,000 within the next 17 days. The Good news is we already have over £2,000 pledged and AVIVA are match funding each donation up to a maximum of £50 each time. This means we need 50 more donations of £30 or 30 donations of £50 to meet the target. In order to incentivise donations some DSTC staff have kindly offered free workshops in January 2022 to thank you for your support. Please see attached flier.

Please view a small video on the crowdfunding page and if you can, please donate. If you have any networks you feel you could share this with then please do so. The more we raise the quicker we can realise this amazing project.

Thank you in advance
